

60W

Fold Up Solar Panel

The 60w fold up solar panel is a slimline, lightweight fold up solar panel ideal for rapid battery charging on the go, ideal for caravans, boats, campervans and motor homes. The panel connects directly to the battery and comes complete with crocodile clips and a 12v auto plug.

Consisting of twin crystalline solar panels that fold into a carry case, they are the perfect solution where portability, space and weight are critical.

The 60w panel also connects to the Hubi Go battery hub.

The 60w panel is supplied with:

- Integrated fold away stand
- Extension cable with crocodile clips and 12v auto plug
- 10Ah charge controller with in-built diode to prevent reverse battery feed

The panel comes with a 2 year worldwide warranty
